MEMBERSHIP APPLICATION

WHY JOIN

Plant City has been successful in attracting new businesses and in helping existing businesses expand. Economic development, however, is truly a community event. It demonstrates the passion the local business community has for its business environment and shows just how serious the community leaders are about their economic futures.

WE NEED YOUR INVOLVEMENT

The PCEDC is a newly formed, not-for-profit corporation that is truly community based. The financial support and investment from local businesses and civic leaders is critical to its success. Your financial support will not only support the operations of the PCEDC, it sends a strong message to those companies looking to relocate to Plant City that the local businesses are thriving and excited about what their city has to offer economically. You are invited to join the PCEDC and show your support for the economic future of Plant City.
